INTERNSHIP / WORK EXPERIENCE

KK Globaltex Pvt Ltd, Mumbai — **June 2026 - June 2026**
Intern
- Four-week internship at a Government Recognised Export House exporting ready-made garments to the USA, Central America and Latin America.
- Attended buyer meetings where collections were presented to buyers for US retailers such as Target and Macy's.
- Learned how the firm uses recycled yarn to make garments that are both fashionable and sustainable.

Youth Incorporated Magazine — **May 2026 - May 2026**
Intern
- Gained exposure to media and content operations at an Indian youth magazine covering careers, finance, education and entertainment.

Turakhia Polymers Pvt Ltd — **2024**
Intern
- Learned how a polymer distributor holding the Indian Oil Corporation agency for Western India works with a large supplier and manages its finances.

ATLAS SkillTech University, Mumbai — **2024**
Summer School, Business Management
- Completed the business management programme and worked in a team to create an application for managing and organising tasks.

RESEARCH PAPERS

July 2026 - Aug 2026
- Authored and published five independent, sole-author research papers in IJRAR, IJSDR, IJRTI and IJFMR.
- Investigated digital payments and consumer spending, AI and small business growth, sustainability as a competitive advantage, entrepreneurship intentions among high school students, and phase change materials for sustainable energy storage.
- Synthesised peer-reviewed literature into comparative frameworks, including a five-criteria model weighing phase change materials on performance, cost and sustainability.

PROJECTS

Passion Project: Ledger — **2026 - 2027**
- Founded a student-built financial literacy platform where young people practise budgeting and investing with virtual money and live market data.
- Designed three modules (short lessons, a simulated trading engine and a ledger that logs every decision) and a revenue model of freemium subscriptions, school licensing and broker referrals.
- Built through self-taught web development; currently a concept prototype open for pilot sign-ups.

LEADERSHIP AND ACTIVITIES

Robotics and Coding — **2019 - 2024**
- Competed in the World Robot Olympiad (2019) and the FRC Robotics Binary Bolts competition in New York (2023 - 2024).
- Certified Coder, Levels 1 to 3 (Camp K12) and Certified Game Developer (WhiteHat Jr) (2020).

Sports and Outdoor Pursuits — **2021 - Present**
- Played in the ISSO inter-school cricket tournament (2023 - 2024); competitive tennis player.
- Tandem skydive from 15,000 feet in South Africa (2023); Les Elfes mountain biking and snowsports courses in Switzerland (2022); dinghy sailing course (2021).

AWARDS AND CERTIFICATIONS

- Academic Excellence in English Language and ABWA Attribute Award (Confident, Enthusiastic), AS Level, 2025 - 2026.
- Certificates of Excellence in Economics, Physics and General Proficiency, Grade 10, 2024 - 2025.
- ABWA Attribute Award (Empathetic, Enthusiastic, Honest, Respectful, Responsible), Grade 9, 2023 - 2024.
- Financial Markets, Yale University (Coursera), 2026.

VOLUNTEER WORK

Rotary Club — **2026**
- Taught young children the basics of financial literacy using the Ledger platform.

Akanksha Foundation — **2025 - 2026**
- Taught underprivileged children through a school initiative.
